

TENORA

WINTER COVER

- Protect your pool
- Guarantees safety
- Available in 3 colors with 5 mounting options

3 YEARS
WARRANTY

SAFETY FIRST

The TENORA cover is a 150 g/m² polypropylene calendered woven net. This cover is available only for pools up to 12 x 6 m; beyond that, the cover will no longer comply with the safety standard and will therefore be simply a convenience cover. Made in France, the TENORA cover has a saddle-stitched reinforcement strip around its perimeter to ensure optimal safety and resistance. Its 0.30 m overhang on the edge ensures ideal protection for your pool.

The cover is available in 3 colors: blue, green and grey. 5 mount options so that the cover can be mounted on any type of ground (wood, tiles, lawn...). Finally, it adapts perfectly to the different shapes of steps or ladders in the pool, taking on a different shape according to each type.

The cover is delivered and packed in a box with instructions inside.

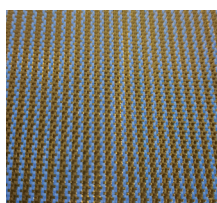

MOUNTS

Compliant with standard NF P90-308				Not compliant with the NF standard
Version B	Version T	Version D	Version SPPE	Version G
 <p>For wooden decking Cord 60 cm + Wooden ring bolt</p>	 <p>Cord 60 cm + Stainless steel ring bolt</p>	 <p>Cord 60 cm + Socket ring bolt</p>	 <p>Sandow SPPE 60 cm + Socket ring bolt</p>	 <p>For lawns Stainless steel torque spring + lawn ring bolt</p>
